

= POSTER PRESENTATIONS =

África de las Heras Martínez (University of St. Andrews, UK)	Can chimpanzees (<i>Pan troglodytes</i>) strategically manipulate objects to deceive their conspecifics?
Akshay Rao (University of Veterinary Medicine Vienna, AT)	Of Dogs, Wolves and people: the trying tale of persistence and human-directed behaviour...
Christin Osadnik (University of Duisburg-Essen, DE)	A new method for detecting magnetoreception in mammals
Emilie Nicoline Stepien (University of Copenhagen, DK)	Behavioural responses of Indo-Pacific bottlenose dolphins (<i>Tursiops aduncus</i>) to tourism on Zanzibar, Tanzania
Laura Garnham (Linköping University, S)	Do optimistic or impulsive red junglefowl become dominant?
Martina Karásková (University of South Bohemia, CZ)	Client recognition in cleaner wrasse <i>Labroides dimidiatus</i> and long-arm cleaner shrimp <i>Ancylomenes longicarpus</i>
Martina Lazarroni (University of Veterinary Medicine Vienna, AT)	Why dogs look back at the human in an impossible task? Looking back behaviour may be overestimated.
Mathieu Mahamoud-Issa (Adam Mickiewicz University, PL)	Chorus diversity and female preference for male's song structure don't prevent inter-breeding between genetically distinct populations in an European bushcricket.
Nynke Kooistra (University of Groningen, NL)	Sleep-like resting behaviour in bottlenose dolphins: daily rhythmicity and homeostatic regulation
Pamela Prentice (University of Exeter, UK)	Evolution and genetics of "animal intelligence"
Pavla Dudová (University of South Bohemia, CZ)	Prey selectivity and its impact on growth and development of a dragonfly <i>Sympetrum sanguineum</i>
Rhea Luana Arini (Oxford Brookes University, UK)	Children's third-party punishment fits the crime in terms of moral domains
Ria Sonnleitner (University of Vienna, AT)	The interplay between precision and aggression during male-male competition in the poison frog <i>Allobates femoralis</i>
Sabrina Ausserwöger (University of Veterinary Medicine Vienna, AT)	Is a shared food resource a prerequisite for inequity aversion?
Sabrina Karl (University of Veterinary Medicine Vienna, AT)	Training dogs for accurate eye-tracking
Susanne Stückler (University of Vienna, AT)	Courtship march not for courting? Spatio-temporal characteristics of courtship behaviour in a poison frog, <i>Allobates femoralis</i>
Tereza Drábková (University of South Bohemia, CZ)	Colour pattern does not play a key role in forming a mimetic complex of red-and-black insects. Experiments with naive and adult great tits

4th European Student Conference on Behaviour and Cognition
7-8 September 2017, České Budějovice

Theresa Rößler (University of Veterinary Medicine Vienna, AT)	The innovation arena: A novel approach to investigate influential factors on innovation
Vera Pfannerstill (German Primate Center, DE)	Comparative observations of the feeding behaviour in two sympatric lemur species
